About Singapore Cable Car - the breath-taking connection between Faber Peak Singapore and Sentosa Island.

Established since 1974, Singapore Cable Car is the nation's first and only cableway that links Faber Peak Singapore on mainland Singapore to the island resort of Sentosa, before flying you to the Merlion or the sandy beach at Siloso. Today, the cable car rides are enjoyed across a Cable Car Sky Network of more than 100 cabins spanning almost 5 kilometres on the Mount Faber Line and the Sentosa Line.

A *joyride* across the Cable Car Sky Network offers a 360-degree aerial and visual treat of the entire Sentosa-HarbourFront skyline and the resort island. The scenery transforms as the cabins soar above the forest, through a skyscraper, over the harbour and travel across the jungle, sand and sea.

The view is extra special on the Mount Faber Line's one and only glass-bottom VIP cabin encrusted with Swarovski crystals. There are four leather armchairs for family and friends to share this unique ride together.

On the Mount Faber Line, tuck in to a Sky Dining experience in your own private cabin and find yourself on cloud nine, as you enjoy a 4-course meal under the beautiful night sky with someone special.

Our passionate service ambassadors are on hand to create happy moments for all cable car *joyriders*. For more information on Singapore Cable Car, please visit www.faberpeaksingapore.com.
