Nature Edition in partnership with

- Enjoy free scenic sunset trek through hidden nature trails and picturesque photo points like the Imbiah Falls
- Hone photography skills with National Geographic's 2017 Nature Photographer of the Year, or enjoy free movie under the stars, delectable BBQ delights from \$15, and more!
- First 1,000 participants to complete walk get free picnic goodies worth up to \$20!

SINGAPORE, 22 May 2018 – Nature lovers and photography enthusiasts are in for a treat as The State of Fun organises its first ever 5km Sentosa Fun Walk in partnership with National Geographic. Taking place on Saturday 16 June, the event is free to all and promises an evening of fun, starting from a scenic sunset trek through the island's nature trails, and ending off with a scrumptious BBQ dinner and movie by the beach.

With a 5pm flag-off, the Walk will bring participants through a different side of Sentosa and up close to hidden gems along the way. As the route unfolds, walkers can expect to be immersed in nature as the trail snakes through the Orchid Connection, Imbiah trail, and Tempinis Trail – with mesmerising photo-taking vistas for snapping all those photo-worthy memories! (Please see Annexes A and B).

Once that's done, a whole array of fun-filled activities and mouthwatering food options await walkers at the Palawan Green finish line. The first 1,000 finishers will be eligible to redeem picnic goodies worth up to \$20, while others can choose to indulge in delectable BBQ delights priced from \$15 onwards.

While the food is being prepared, guests can choose to kick back with a movie (*Kallang Roar*) by the beach, or get in touch with their creative side by taking part in an upcycling workshop and other green activities conducted by National Geographic. Plus, photography enthusiasts can look forward to having their appetites fed through a showcase by National Geographic's 2017 Nature Photographer of the Year, Mr Jayaprakash Joghee Bojan, as well as a free session to pick up photography tips from the maestro himself.

About Sentosa

Sentosa is Asia's leading leisure destination and Singapore's premier island resort getaway, located within 15 minutes from the central business and shopping districts. The island resort is managed by Sentosa Development Corporation, which works with various stakeholders in overseeing property investments, attractions development, and operation of the various leisure offerings and management of the residential precinct on the island.

The 500-hectare island resort is home to an exciting array of themed attractions, award-winning spa retreats, lush rainforests, golden sandy beaches, resort accommodations, world-renowned golf courses, a deep-water yachting marina and luxurious residences – making Sentosa a vibrant island resort for business and leisure. Making Sentosa its home, too, is Singapore's first integrated resort, Resorts World Sentosa, which operates South East Asia's first Universal Studios theme park.

Situated on the eastern end of Sentosa Island is Sentosa Cove, an exclusive oceanfront and residential enclave bustling with some 2,000 homes, romantic quayside restaurants, retail and specialty shops. The Island is also proud to be home to Sentosa Golf Club and its two acclaimed golf courses, The Serapong and The New Tanjong. Sentosa Golf Club hosts the SMBC Singapore Open and the HSBC Women's Champions, featuring some of the world's best golf professionals.

Welcoming a growing number of local and international guests every year, Sentosa is an integral part of Singapore's goal to be a global destination to work, live and play. For more information, please visit: www.sentosa.com.sg.

ANNEX B – Key points of interest

Orchid Connection

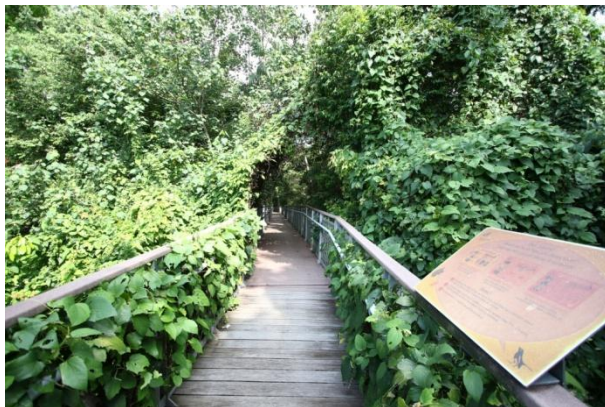

Hidden underneath the tracks of the Sentosa Express, the Orchid Connection is a carefully curated orchid garden. The blooming orchids are accompanied by picket signage that provide interesting facts about the flowers.

Imbiah Lookout

Initially a screening point for passing ships fully equipped with artillery, Imbiah Hill is now home to a myriad of attractions on Sentosa.

Imbiah trail

With a summit of 65 meters above sea level, Imbiah trail is an ode to our natural heritage. Giant wildlife sculptures decorate the trail, parts of which have been converted from old Sentosa Monorail tracks (in photo), as a reminder of how much nature is in the world out there. These wildlife sculptures pay homage to the various fauna living in Imbiah Nature Reserve. Also look out for the sleeping rock dragon but tread carefully lest you wake it! Also make a short detour to Imbiah Falls where the sound of running water is enough to lull you into a state of serenity.

Tempinis Trail

Enjoy natural shade from tall Tempinis trees along this trail. Incidentally, Tampines derives its name from these trees. Here, you can find the Tempinis Cascade – a rocky waterfall that’s marked out clearly by a sign.

Fort Siloso

Built in the late 19th century, Fort Siloso was Singapore’s impenetrable defence against a sea invasion. It is the only preserved coastal fort in Singapore.

Enjoy an aerial view of Sentosa’s coastline by exploring the Fort Siloso Skywalk, a treetop trail set 11 storeys above ground.

Siloso and Palawan Beach Trail

Participants will enjoy a sunset stroll along the beach on their way back to Palawan Green for *Kallang Roar* under the stars, with freshly barbecued food and if they like, an ice cold beer.
